Extreme Brown !!!

This month I would love to let you all know about an amazing product that has helped me and so many of my friends, it is called "Extreme Brown", funny name, I have nicknamed it Liquid Gold.

When I was 18, I broke my ankle in four places, knocked the knuckle right off, it had to be re-set 4 times. Now that I am older, my ankle has arthritis and has been very painful for many, many years. I met John with his product at the Coolangatta Market, I have used it every day since, it really is an amazing product, my ankle is just so fantastic, my limp is going and I can walk much easier. John tells me the more that you use it the more that it helps and I am proof of that!!

I rub it on the bottom of my feet every night, put socks on and then go to sleep, this helps

the whole body, I had a sore throat and ear so I rubbed it on my throat and behind my ear and it helped me so fast, I rub it on my Heart every night as I have had many Heart operations, this has also helped with my breathing. Where ever I have any pain it goes straight on!!!

My friend Vicki has an arthritic hand that had ceased up and was very hard for Vicki to move, I got Vicki onto Extreme Brown and Vicki is just blown away with how much movement is now in her hand. Vicki has put it on her Mothers Trigger finger and she is also amazed at how much her finger is so much better. The list of my friends that it has helped just goes on and on.

John has the best Olive leaf tea, which is anti inflammatory and another product, Extreme Silk, which has helped me with Varicose Veins. Because of Heart Medication and Menopause, I have been losing my hair and of course John has a Hair Tonic for that. I was telling John about another friend of mine that has skin cancer and of course John has help for her as well.

I really don't know how it all works, all I know is that I have struggled for years to get the help and the healing that Extreme Brown has given me, and so many of my friends.

I want John to know how much I am supporting his Fantastic products, so please let him know that Rhonda sent you, and go and get the Healing that you deserve !!

Magical Blessings Rhonda !!
